

**Girlguiding UK**

**Blackland Farm**

*girls in the lead*

## **Conditions of use for the Bungee Trampoline**

1. All groups must comply with their own organisation's and Blackland Farm's regulations and training for the use of Bungee Trampolines. Instructors must hold a suitable minimum qualification. Evidence of qualification is required before the activity can take place. Suitable qualifications are:
  - Blackland Farm Bungee Trampoline Assessment
  - other qualifications similar to the Blackland Farm Bungee Trampoline Assessment, eg 4th Dimension Bungee Trampoline Assessment.
2. There is no minimum/maximum age for use of the Bungee Trampoline, but all participants must be able to safely wear a Bungee Trampoline harness. We suggest five years old as a guideline for minimum suitable age.
3. Participants must be given a safety briefing about the dangers in the Bungee Trampoline compound. This must be repeated throughout the session as necessary.
4. Instructors are required to run the session from the Trampoline Bed and should be aware of where those in the compound are at all times.
5. Participants must use the ladder provided to get on and off the trampoline bed.
6. A check of the rig is required when setting up the Bungee Trampolines. Any fault should be reported immediately and the activity suspended until it has been resolved.
7. Care needs to be taken with the electrical components of the Bungee Trampoline equipment. Check the power supply box, make sure the trip switch is working, check the emergency stop on the winch controller and check all is switched off when leaving the compound.
8. Girlguiding UK employees may suggest or insist on alternative techniques or styles.
9. Any damaged or missing equipment must immediately be reported to the office.
10. Girlguiding UK accepts no responsibility for damage or injury resulting from use of the Bungee Trampoline or any of its components unless proven negligent.
