

Conditions of use for the Low Ropes

1. The responsible adult who has signed this form must supervise the group at all times.
2. The maximum number of participants in the compound at one time is 12. All participants must wear a helmet. The supervising adult does not have to wear a helmet but must not participate. We suggest that non-participating group members wait outside the compound.
3. The supervising adult should check that the chin straps on the helmets are done up, and that each helmet is on securely so that it can not be dislodged from the head by pushing the helmet either forwards or backwards.
4. The group starts from one end of the course and, using teamwork, makes its way along the course to the other end.
5. A maximum of three people are permitted on any one platform at any one time. A maximum of one person is permitted on any element (eg the wires between the platforms) at any one time.
6. Group members are not allowed to climb over the cargo net. This is for traversing along only. Group members must not hang off any of the ropes or overhead wires; they are to assist balance only.
7. All helmets must be placed in the red storage box and the gate must be padlocked shut when the group leaves.
8. Any damaged or missing equipment must immediately be reported to the office.
9. Girlguiding UK accepts no responsibility for damage or injury resulting from use of the Low Ropes Course unless proven negligent. The group is responsible for its own first aid requirements.
